Company Profile

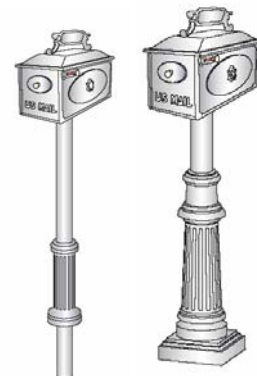

Constant Electric Supply Co. is a leading supplier of decorative lighting to the Chicago-land market. Founded in 1974 we have supplied over 100,000 homes, condos, and apartments with decorative lighting fixtures. With access to over 300 brands we are your single source for all your lighting needs. Our new designer showroom will allow us to work with custom homebuilder's. Save money now with all items sold at Wholesale Prices. We specialize in value engineering projects. Some of our well known projects include the Harold Washington Library, Museum District, Pinnacle Tower, and Assisted Living Centers just to name a few. We also service the following general contractors: Amec Dev., Amlie, Walsh, Pepper, McShane, Weiss, & Enterprise Co. Call today for pricing on homebuilder packages. We also have special rebate programs and model programs custom tailored to each builders needs.

Constant Electric Supply Co. has recently ventured into outdoor home products. CLD, Creating Landscape Designs, is an innovative group of professionals who provides its customers with a total outdoor paradise. From Water gardens, waterfalls, streams, paver patios and walkways, design and installed landscape lighting, gazebos, and more we can do this for you or your homebuyer. We also have an landscape designer to create that outdoor paradise. Our service has been most popular with homebuilders who are decorating models and creating a community with common areas. All our products are built to last. Call now and we can mail you information for all your needs.

Homebuilder's and Contractor's are striving to create an attractive and unique community different from their competitors. Constant Electric Supply Co. has the best sources for all your lighting. We work with specifiers and manufacturer's to offer only the best designs and prices in the industry. We can help value engineer the spec to meet your needs and budgets.

Another wonderful part of bringing that special community together is the need to match the mailboxes to the street poles. We have access to a dozen different brands of mailboxes and can offer everything from the traditional post and box to a heavy grade cast aluminum painted in any finish you choose. This alone can bring an attractive theme for a new community while driving through it. Call today to get more information on mailboxes.
